NOTE—Contn. sheet.

WD 066—GPB—30,000—26-7-29

The following are the occasions on which Ordinary Medical certificates are required to be produced:----

1. At the time of submitting proposal for further insurance in case the last detailed medical examination is within five years---Rule 22.	The officer competent to furnish the certificate is the District Medical Officer or Lady Surgeon or Assistant Surgeon in the case of women insured.
2. For failure to credit the first premium in time when the acceptance notice is based on an ordinary medical certificate--Rule 21.	-do-
3. To revive a policy which has lapsed under Rule 26 provided the period of such lapse is within six months from the date of lapse.	None specifically mentioned. Practice is to get one from Assistant Surgeon.

It is only on the third point that a ruling is sought for. Nowhere in the rules it is stated that such a certificate should be obtained from a District Medical Officer or Assistant Surgeon. All that is laid down in Rule 26 is the production of a certificate of good health. In practice, an ordinary medical certificate obtained from an Assistant Surgeon is insisted upon. An insured in the Official Branch who is allowed to pay his premium in cash may be regarded as on all fours with an insured of the Public Branch so far as default and lapses are concerned. Rule 26 of the Official Branch being not clear, Rule 19 of the Public Branch may mutatis mutandis be adopted in the Official Branch with advantage. The rules as they now exist and the result of modification proposed above are noted in the accompanying sheet in juxta position. If approved, the opinion of the Committee Members will be invited.

Submitted for orders.
